This Event is held annually at our prestigious institution among our talented chefs, trained and educated by our Food and Nutrition instructor. Our goal is to give recognition to our young chefs, appreciate and give them an opportunity to showcase their talent, nourish their skills and give a boost to their confidence and self-esteem. To keep it all professional the students dressed up as chefs, with a cap and apron. In three hours students prepared, cooked and served one main dish, two side dishes, salad, sweet dish and a drink. This event brought out the best cooking skills in our young chefs. Competitions like these incorporate teamwork and students gain confidence by presenting and explaining their recipes to a panel of judges which help us build great learning environment and teach valuable life skills. # BTSC JDOL

What sets BTSC apart from other schools is the fact that it lays equal importance on extracurricular activities of all sorts as much as it does on the conventional education of its students. By doing so it not only brings out the best in its students but prepares them for the real world with the skills that can open them to several career choices. Keeping this in mind the school holds BTSC Idol every year and provides an open platform to its students to showcase their talent and gain the confidence they need to move ahead in life. This event stretches to a span of three days where students get a chance to sing their heart out and impress the judges.

The show was judged by **Dr. Nadeem Jaffar**, a big name in the world of culture, who has his own programs in theatre, Tv channels and FM radio. # MOST VALUABLE TEACHER

It was an alluring ceremony to boost the morale of the teachers at Sector B, Junior Campus. The students were awarded certificates to support the everyday heroes in their lives. This provided a perfect opportunity to recognize the best-of-the-best teachers and acknowledge their efforts and commitment. The teachers were overwhelmed by the love of their students. An interesting skit was performed by the students to appreciate the untiring efforts of their teachers. Flowers along with the certificates were also presented to the teachers.

This appreciation filled the teachers with positive energy and motivated them to perform even better in future.

**Rafi Peer**  
**PUPPET**  
**FESTIVAL**

Big talking puppets have always been a source of recreation and interest for the children. As children love to watch the puppet shows, Preschool (A & O) accepted the invitation of the Rafi Peer theater for their Puppet Festival and visited them.

The children were awestruck and captivated by the big talking puppets and thoroughly enjoyed being there at the festival.

## Winter Parade

As the sun hides behind the clouds and all the birds and beasts start to find a shelter, as the water starts to freeze and icy breeze blows around us, as the days become shorter and the nights become longer, as the temperature drops and the clothes become warmer, it's when the winter spreads its wings and makes everyone shiver.

The frostiness of winter also brings a lot of delight and glee with it. To celebrate the festivity and chill of the winters a Winter Parade was conducted by the Preschool (A & O) on January, 10<sup>th</sup> 2018. All the children and their teachers were attractively dressed in warm winter attire. The children sat outside in the golden sunlight, enjoyed and shared the scrumptious dried fruits that they had brought.

# The 1<sup>st</sup> BUSINESS IDEA Competition 2017

It was held in Sector C on December 9, 2017 hosted by Business Society Young Bravians Entrepreneurs of Bahria Town School and College Sector C. The organizer of the event Mr. Asif Iqbal had adopted the mantra of 'substance over style' as a principle for the entrepreneurs to stand by.
